

Esports Foundation and National Extended Diploma

16-19

The Esports industry is a fast-growing global industry with revenue projected to reach £1.5 billion in 2022 with more than 450 million viewers tuning in during 2021. This is one of the most exciting and rapidly growing industries in the world!

The BTEC Level 3 Extended Diploma in Esports is a two year, coursework and synoptic assessed course that is highly practical and ensures learners have the skills needed to move onto university or directly into industry. A breadth of Esports skills and careers are explored throughout the two year programme to allow you to choose a range of pathways for your progression. These include but are not limited to sport, marketing, enterprise, IT and the creative industry. You will also have the opportunity to host various Esports events as well as testing your gaming skills against other competitive players.

You will have access to Adobe Creative Suite, including Premiere Pro, Photoshop, Animate, After effects and more...3d modelling software such as Autodesk 3ds Max and Autodesk Maya. Game engines like Construct 3 and Ue4 and learn to work with the latest gadgets like the Oculus Rift Virtual Reality System as well as out television studio for broadcasting live Esports events.

If you want to join the next generation of Esports players, coaches, broadcasters, shoutcasters, events managers, business managers and computer managers then this is the course for you.

The course is split into two one year courses which make up the full qualification. The Esports BTEC National Foundation Diploma is the 1st year of study and once this is completed learners return for the 2nd year Esports National Extended Diploma .
