

Digital Art, Graphic Design and Animation UAL Level 3 Extended Diploma

16-19

Working independently and in collaboration, you will develop your portfolio, establish broad theoretical and practical skills, and produce entertainment projects for a variety of audiences. Mastering the synthesis of visual storytelling with the latest technology using traditional and digital media practices.

This course will introduce you to a number of specialist tracks to build your artist voice and prepare you with an adaptable skillset for progression opportunities in a multitude of careers that bring narratives to life, from major production companies to up-and-coming independent studios.

During this two-year course you will explore two core routes of study, Digital Concept Art and Graphic Design building a powerful portfolio to use for submission to Higher Education or Entry level posts in industry. The later terms designed with flexibility in mind, allowing students to customize their coursework toward exploring a specialty of their choosing to showcase in a final project.
