

Assessing Competence In The Work Environment City And Guilds Award

Adult

This course is ideal for you if you assess the achievement of competence in a work environment using the following assessment methods: observation, examining work products, oral questioning and discussion, use of others (e.g. witnesses), learner statements and recognition of prior learning (RPL).

You can expect to continue to work with the Course Tutor through group/one-to-one support at subsequent sessions. Within the Assessment Centre, you will work closely with at least two learners, through components of their qualification. You will meet with your Course Tutor/Assessor regularly and build a portfolio of evidence. You will also be required to work/liaise with other assessors and internal quality assurance staff at your Assessment Centre.

This course is completed over 12 months, with a two day induction and up to 5 workshop sessions.

ENTRY REQUIREMENTS

This will depend on the specific occupational area and the Award Sector Skills Council/Awarding Organisation Assessment Strategy; however, it is anticipated that occupational competence and experience of working within the sector may be required. You will also need to be working with/attached to an Approved Assessment Centre that is offering the QCF/NVQ Award you are planning to assess and have two real learners to assess in a real work environment.

LOCATION & NEXT START DATE(S)

Cornwall College Camborne - 23 September 2024
