

Plumbing Bootcamp

Adult

The course has been designed to provide an introduction to plumbing as well as providing an opportunity to meet guest speakers from industry during the programme, therefore building bridges towards improved career prospects.

Studying the Plumbing Bootcamp programme will support you to develop your confidence, team skills, maths, communication, Health & Safety and employability skills. Delivery is 85% practical and 15% theory.

In plumbing you will learn how to handle tools safely carry out practical skills such as cutting, bending and joining pipes and fittings, backed up by some classroom theory to introduce you to concepts of plumbing and heating systems and how they work.

You'll be learning from highly experienced trade professionals who are on hand to provide excellent levels of support.
