

# Construction Multi Trade Bootcamp

**Adult**

The course has been designed to provide an introduction to carpentry as well as providing an opportunity to meet guest speakers from industry during the programme, therefore building bridges towards improved career prospects.

Studying the Construction Multi Trade programme will support you to develop your confidence, team skills, maths, communication, Health & Safety and employability skills. Delivery is 85% practical and 15% theory.

In construction you will learn how to handle tools safely and the requirements to pass the health and safety to acquire a CSCS card.

You'll be learning from highly experienced trade professionals who are on hand to provide excellent levels of support.
