

Photography - Creative - Commercial

16-19

Adult

If you are interested in a career in photography and have your sights set on a future in the creative industries, then look no further as this is the course for you.

The course is constructed with practical projects and hands on learning - you'll be spending a lot of time taking photographs in and out of college.

This course is delivered at both Cornwall College Camborne and Cornwall College St Austell. You will work on projects that are written to allow you to develop skills in both digital and analogue processes across a range of photographic applications. By the end of the course, you will have a diverse portfolio to take to employers, universities or to show clients. At the end of each year of study you will be given the chance to choose your own specialism and create a completely individual product based on the strengths and skills you have developed. What will you create? The choice is yours!

You will go on trips to various locations and visit photographer's studios. These are a great opportunity to meet and question current industry professionals.

You'll be learning from experienced working professional photographers, who are always on hand to give you the very best start to your photographic career.

ENTRY REQUIREMENTS

We expect four GCSE's at grade 4 and above, one of which should be in either English or maths. You will also need to attend either a face to face or phone interview with the Study Programme Manager.

Portfolios of work can be presented or emailed at interview alongside any other certificates, qualifications or experience you feel is beneficial for us to know about.

For those students that don't quite meet the entry requirements we also run a one year, Level 2 UAL course in Media Production designed to feed directly into the Photography - Creative - Commercial course the following year.
